Dear Sir:

Enclosed is form PTO-1449 listing five (5) references that have not yet been considered in the present application. Therefore, even though this paper is being submitted after a final office action, applicant respectfully submits that these references should be considered since they were originally cited in an Information Disclosure Statement before a first office action on the merits, and are not being initially cited at this time.

Moreover, these references were of record in the parent applications, and therefore, according to MPEP § 609(I)(A)(2), should be considered in the present application. Applicant
